Hello all Unit 4 members,

Thank you so much for your service to our community. Tonite at your Unit 4 meeting you will be reviewing an offer from a group who wants to buy the Historic Burnham Mansion and save it. Please do the right thing and take this offer. Show our kids that old things like this building are things that need to be cared for and revered and not destroyed. Remember that if you are over the age of 30 these kids think you are already old and dilapidated too! We need to teach them to respect old things and not just send them to a landfill.

Sincerely,

Dusty Cory
